

## **COVID-19 Statement**

I am preparing to open for Business.

Please take the time to read the following information to ensure your safety, my safety and the safety of all my clients.

I will personally do my up most to reduce the risk of infection and/or transference of the COVID-19 virus. If you have been considered vulnerable and/or shielding (as per government guidance) – or in receipt of a GP letter, please contact me prior to your appointment on 07980929557 to discuss.

These are the steps I am taking:

1. Door handles and surfaces will be disinfected prior to the arrival of each client.
2. In between each client, I will be changing on arrival, couch, bedding and pillow cases.
3. I will be wearing a disposable mask during the treatment. Please ensure you will be doing the same. Please ensure you arrive with a disposable mask too.
4. Hand sanitizer will be provided prior to entry and exit of each treatment.
5. A form will be provided upon arrival. Alternatively, you may print one out beforehand. All clients will be required on each visit to complete and sign a short questionnaire prior to each treatment.

## **Prevention of Cross Infection of COVID-19**
